Preparation plan

# PEST Analysis

Political factors

Economical factors

Social factors

Technological factors

Trends

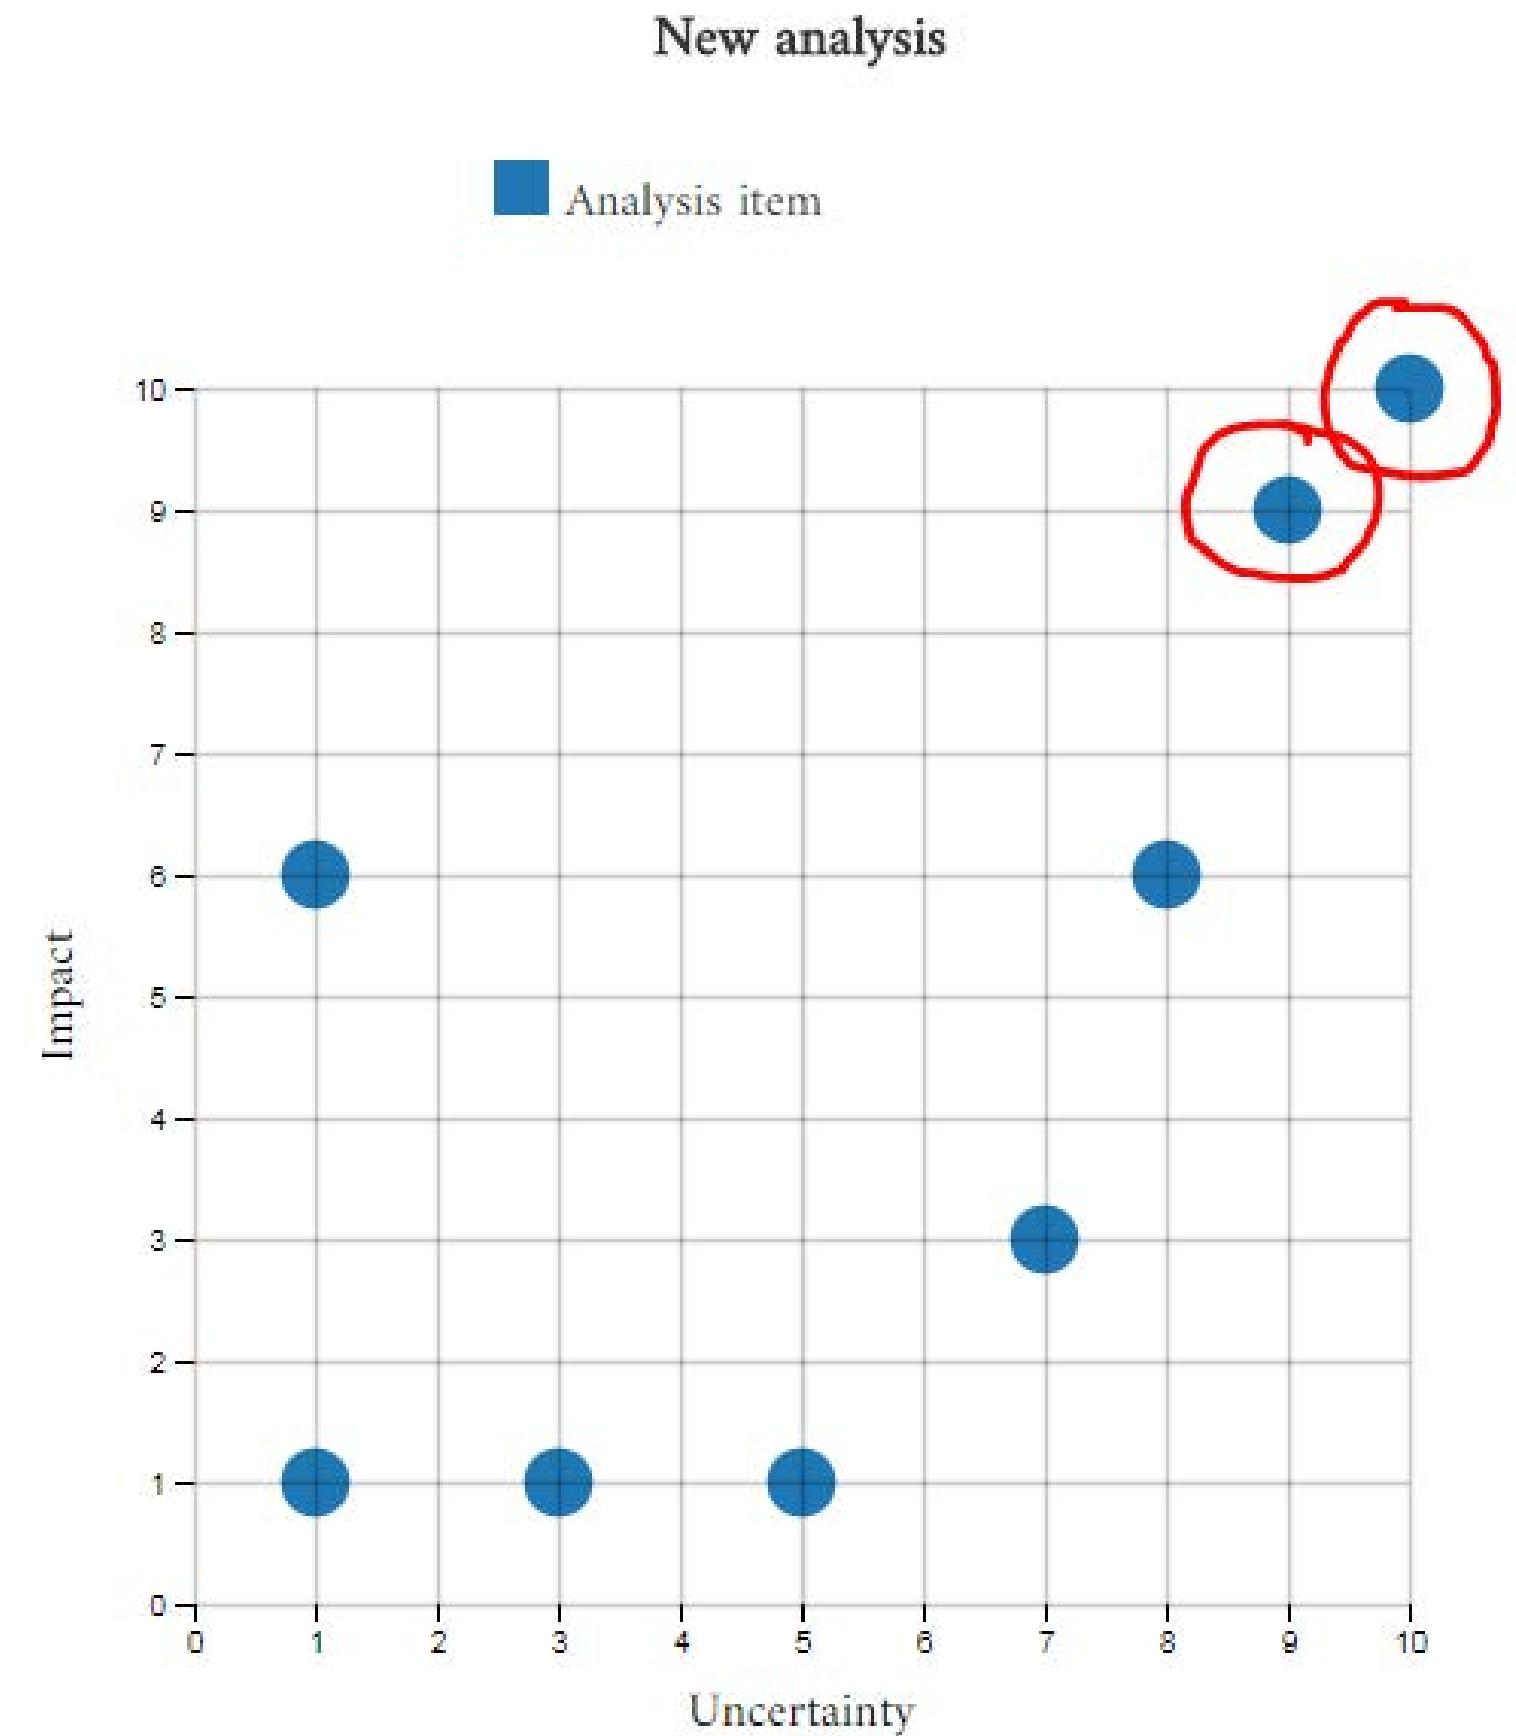

Uncertainties

# Impact analysis tool

- Go to <http://scenarios.s3platform.eu/application> and select the impact analysis tool
- Login and create a new analysis
- List all the previously listed uncertainties (and trends if you want) and assess their level of uncertainty and impact on the region
- Select 2 most important (high in both uncertainty and impact) uncertainties and write them here:

Uncertainty 1:

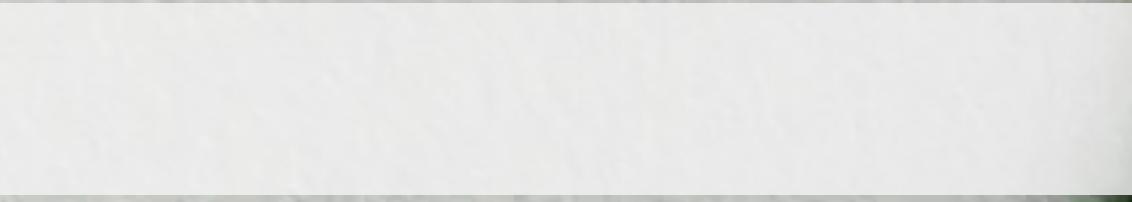

Uncertainty 2:

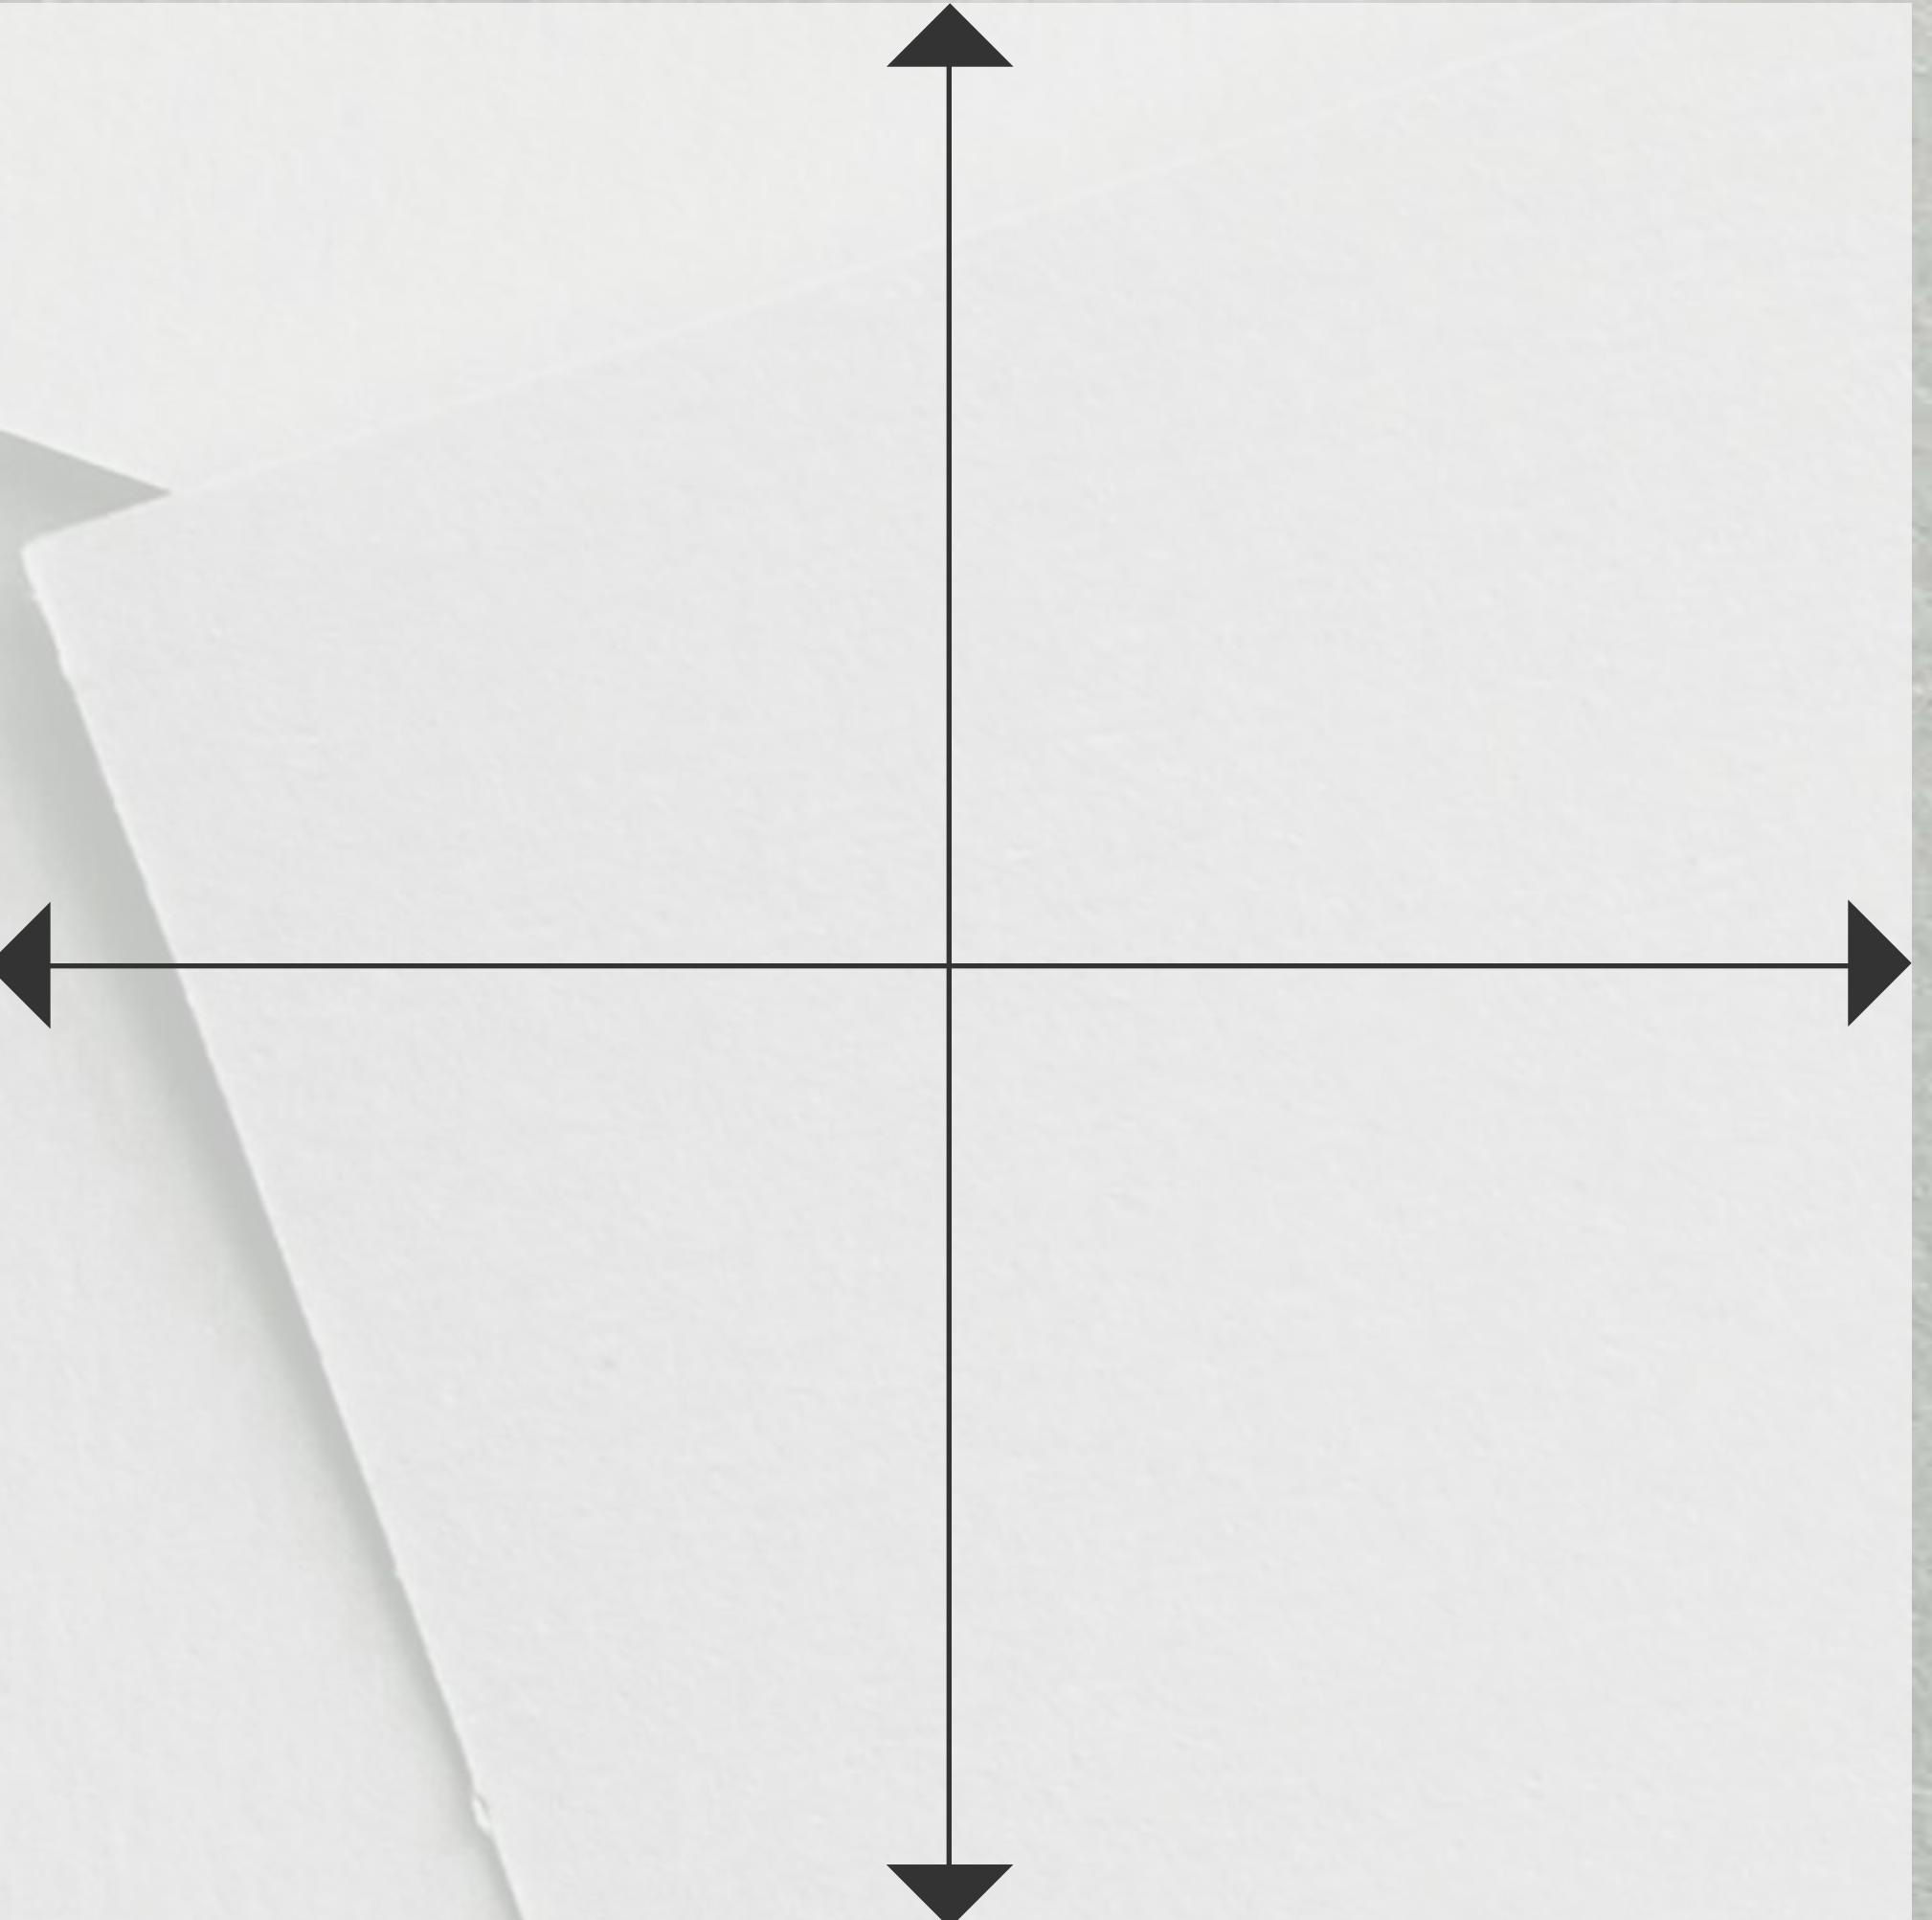

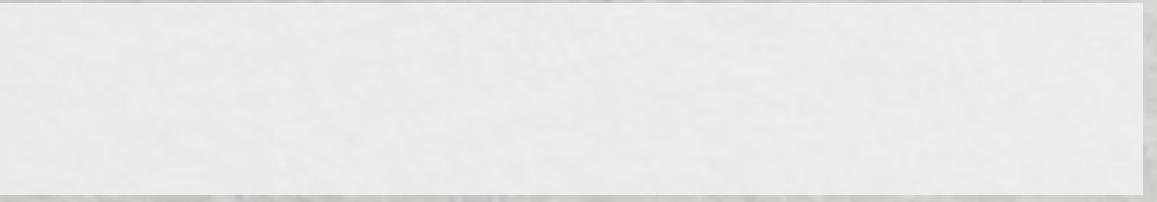

Online S3
